Main Goal

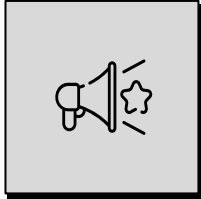

Creare una community che incentivi
lo scambio di idee e il dibattito, per
migliorare l'apprendimento e il
pensiero critico

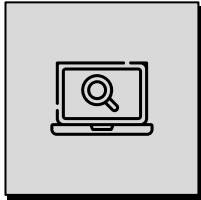

What sets us apart?

Condividere spunti di riflessione per incentivare il dibattito

Aggregare persone in community automoderate e suddivise per topic

Esprimere la propria opinione arricchendo i contenuti

Architecture

Stakeholders

Persone curiose	Esperti di un topic	Aziende di terze parti
Per chiunque sia interessato ad imparare sempre cose nuove	Per chi voglia contribuire a diffondere conoscenza	Per fornire una pool di dati tramite API ad aziende di terze parti (per machine learning, etc.)

03

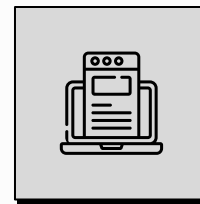

Moderazione

Potrebbe essere difficile implementare un sistema di automoderazione funzionale

Commenti

Grande mole di dati da gestire e da fornire agli utenti in maniera granulare

UX

Integrare player video con commenti sincronizzati con la riproduzione del video
